Candy Cane Fudge

INGREDIENTS

- 14** ounces sweetened condensed milk
- 2** cups semi-sweet chocolate chips
- 1** teaspoon vanilla extract
- ½** teaspoon of peppermint extract
- crushed candy canes

INSTRUCTIONS

Butter a square pan and line with parchment paper for easy removal of set fudge. Set aside.

In a microwave safe 2 quart bowl, heat chocolate chips and sweetened condensed milk, on high for one minute. Remove from microwave. Let sit for one minute, then stir to combine. If needed, heat an additional 30 seconds. Stir until chips are completely melted and chocolate is smooth.

Stir in vanilla extract. Pour fudge into prepared pan. Sprinkle top with crushed candy canes. Let fudge cool completely before cutting into one inch squares. (You can place in the refrigerator for one hour to speed up the process.)

Store in an airtight container. Fudge does not need to be kept refrigerated.
